

# CORPORATE GOVERNANCE STATEMENT

30 June 2023

The Board of RMA Global Ltd (“RMA” or “the Company”) is responsible for the governance of the Group and its controlled entities (collectively, “the Group”).

RMA’s Board has an established set of corporate governance policies that reinforce the responsibilities of all Directors in accordance with the requirements of the Corporations Act 2001 (“the Corporations Act”) and the Australian Securities Exchange (“ASX”) Corporate Governance Principles and Recommendations (Third Edition) (the “CGPR”) issued by the ASX Corporate Governance Council.

The main policies and practices were adopted in May 2018 and were effective from the date the Company listed on the ASX in early July 2018. The corporate governance practices are reviewed periodically and developed and refined to meet the needs of RMA.

This Corporate Governance Statement outlines the key aspects and mechanisms of RMA’s governance using the ASX CGPR framework and has been approved by the Board.

A copy of this Corporate Governance Statement is available at [www.rma-global.com/investor-centre](http://www.rma-global.com/investor-centre).

## Principle 1: Lay solid foundations for management and oversight

### The Board of Directors

The Board Charter was adopted in May 2018 and details the role of the Board and responsibility of the Directors. The Board Charter is supported by the code of conduct for Directors, senior executives and all other employees, the charters for the Nomination and Remuneration Committee and Audit, Risk and Compliance Committee, Securities Trading Policy and the Market Disclosure Policy. A copy of the Board Charter is at [www.rma-global.com/investor-centre](http://www.rma-global.com/investor-centre)

### Matters delegated to management

The Chief Executive Officer has the responsibility for day-to-day management and administration of the Group. The Chief Executive Officer manages the Group in accordance with the strategy, plans and policies approved by the Board.

## 1.2 Appointment of new Directors

### **Recommendation 1.2:**

The Nomination and Remuneration Committee is responsible for recommending candidates for appointment to the Board. This includes background checks on nominated candidates to ensure they have the required competence, experience and skill levels required by the business and that candidates are legally eligible to act as Directors. Full background checks, including criminal record and bankruptcy checks were performed on all Directors.

## 1.3 Directors' contracts

### **Recommendation 1.3:**

All Directors and senior executives are appointed pursuant to formal letters of appointment setting out the key terms and conditions of their appointment.

## 1.4 Company secretary

### **Recommendation 1.4:**

The Group Secretary is accountable to the Board, through the Chair, on all matters to do with the proper functioning of the Board.

The formal reporting line of the Group Secretary is through the CEO. Non-executive director, Philip Powell was appointed Company Secretary in July 2023 pending a future appointment of new CFO/Company Secretary.

All Directors have access to the Group Secretary.

## 1.5 Diversity Policy

### **Recommendation 1.5:**

RMA Global has a diversity policy under which the Board is responsible for setting of measurable objectives for achieving gender diversity and monitoring the Group's process. The implementation of the policy is through the Nomination and Remuneration Committee. A copy of the diversity policy is available for inspection at [www.rma-global.com/investor-centre](http://www.rma-global.com/investor-centre).

The Group has less than the 100 employees and is not a "relevant" employer under the Workplace Gender Equality Act. However, the Group has an equal opportunities and diversity policy which outlines core principles and values for creating an environment which promotes gender equality. The Group's target is to maintain a gender ratio of between 40% to 60% female employees.

The reportable proportions of men and women in the Group in Australia are as follows:

Employees at 30 June:	2022			2023		
	Male	Female	Total	Male	Female	Total
Directors	6	1	7	5	1	6
Senior Executives	2	0	2	2	0	2
Other employees	56	31	87	46	43	89
<b>Total Employees</b>	64	32	96	53	44	97
	66%	33%	100%	55%	45%	100%

The gender diversity across most departments of the business is within target with the most significant difference in our product and development teams, which constitutes approximately 40% of our personnel.

## 1.6 Board performance evaluation

### **Recommendation 1.6:**

RMA Global has defined its policies and Board charters. A review of Board performance is conducted by the Chairperson and Directors on an ongoing basis and through an annual self- assessment process. A Board evaluation process was conducted during the financial year. All Directors have access to continuing education and are provided with the information they need to discharge their responsibilities effectively. The Company Secretary plays an integral role in supporting the Board by monitoring Board policy and procedures and co- ordinating meeting documentation.

## 1.7 Senior executive performance evaluation

### **Recommendation 1.7:**

The Board has a process in place for the evaluation of senior executives, which is implemented through the Nomination and Remuneration Committee. Key performance indicators for each executive are monitored on regular basis. A formal assessment of senior executives was performed during the current financial year.

## Principle 2: Structure the Board to be effective and add value

### 2.1 Nomination and Remuneration Committee

#### **Recommendation 2.1:**

The Board has a Nomination and Remuneration Committee, with the following Directors appointed as members:

- David Williams (Chair) – Non-Executive Director
- Philip Powell – Independent Non-Executive Director
- Sigal Pilli – Independent Non-Executive Director

A copy of the Nomination and Remuneration Committee charter is available to view at [www.rma-global.com/investor-centre](http://www.rma-global.com/investor-centre).

The Nomination and Remuneration Committee is chaired by a Non-Executive Director. However, the Chair is not independent. The Group believes it is appropriate for David Williams to be the Non-Executive, but non-independent, Chair of the Nomination and Remuneration Committee given his understanding of- and relationship with the business, significant shareholding in the Group and extensive experience acting as Chair for ASX-listed companies.

### 2.2 Board Skills Matrix

#### **Recommendation 2.2:**

The Directors have a combination of commercial acumen, risk management, experience in real estate, digital marketing industry and capital markets. The current members of the Board and their skills, expertise and experience are set out in the Directors report of the 2023 Annual Report. The skills matrix is set out below:

	Executive leadership, Management and Strategy	Governance/ risk management	ASX experience	Finance / Accounting	IT / Product	Industry Knowledge	International Experience
Number of Directors	6	3	5	3	4	3	6
Ratio	100%	50%	83%	50%	67%	50%	100%

### 2.3 Board composition and independence

#### **Recommendation 2.3:**

##### Independent Directors

The Board considers an independent Non-Executive Director to be one who is independent of the Group's management and who is free of any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the independent exercise of their unfettered and independent judgement. The Board reviews the independence of each Director in light of interests disclosed to the Board from time-to-time.

The Board considers that Sigal Pilli, Philip Powell, Max Oshman and Charlie Oshman are independent Directors for the purpose of the ASX Recommendations as each is free from any interest, position, association or relationship that could materially interfere with, or reasonably be perceived to materially interfere with, the independent exercise of their judgement. It is noted that Philip Powell was appointed Company Secretary in July 2023 pending a future appointment of new CFO/Company Secretary. The Board does not believe this short-term appointment impacts his position as an independent Director.

## Non-independent Directors

The Chair, Mr David Williams, is a significant Shareholder and he is the principal of Kidder Williams, a company which provided advisory services to the Group. Accordingly, he is not considered an independent Non-Executive Director. The Group believes it is appropriate for David Williams to be the Non-Executive, but non-independent, Chair given his understanding and relationship with the business, significant shareholding in the Group and extensive experience acting as Chair for ASX-listed companies.

Mr Edward van Rosendaal ceased being an executive director on 1 July 2022 and under ASX guidelines is not considered to be independent of the Company.

## Length of service

The length of service for each Director is set out in the Director's report section of the 2023 Annual Report.

## Board composition

### **Recommendation 2.4:**

The Board currently compliant with this recommendation, with four of the six directors considered independent.

## Chair of the Board

### **Recommendation 2.5:**

The Chair is not the same person as the CEO. However, for the reasons documented above, the Chair is not independent.

## Induction of Directors

### **Recommendation 2.6:**

Each new Board member has been afforded the opportunity to meet with existing Board members, relevant senior executives and managers. All Board members are expected to maintain the skills required to discharge their respective roles. Where appropriate, specific updates to changes in regulations and standards will be communicated to the Directors as part of formal meetings of the Board or sub-committees.

## Principle 3: Instil a culture of acting lawfully, ethically and responsibly

### 3.2 Code of Professional Conduct

#### **Recommendations 3.2:**

The Board has approved and adopted a code of professional conduct ("the Code") which applies to Directors, senior executives and employees. A copy of the Code can be viewed at [www.rma-global.com/investor-centre](http://www.rma-global.com/investor-centre) and is available to all staff.

The summary of key expectations is that Directors, senior executives and employees will:

- act with integrity, honesty and ethical behaviour and foster a culture which promotes such behaviours.
- deal fairly with any officer, employee, shareholder, customer, supplier, competitor or other adviser of the Company and encourage other employees and officers to do the same.
- take all reasonable steps to avoid actual, potential or perceived conflicts of interests and to disclose the fact when such conflict arises.
- not improperly use their position, property or information acquired through their position for personal gain or gain of an associate or to compete with or harm the Company.
- keep information acquired while performing their duties confidential, unless approved by the Board or required by law or other regulatory body.
- not take advantage of the property or information of the entity or its customers for personal gain or to cause detriment to the entity or its customers.
- promptly report, in good faith, any actual or suspected violation of the requirements and expectations set out in the Code.

Staff engagement and conduct forms part of the monthly feedback from management to the Board.

### 3.3 Whistle-blower and Anti-Bribery & Corruption Policies

#### **Recommendations 3.3 and 3.4:**

In line with the Board's commitment to acting ethically and legally, the Board has approved and adopted a whistle-blower policy and an anti-bribery and corruption policy which applies to Directors, senior executives and employees. A copy of these codes can be viewed at [www.rma-global.com/investor-centre](http://www.rma-global.com/investor-centre) and is available to all staff.

The whistle-blower policy and an anti-bribery and corruption policy and any potential breaches are a regular discussion item at Board Meetings, with no incidents reported under the policy.

## Principle 4: Safeguard integrity in corporate reporting

A copy of the Audit, Risk and Compliance Committee charter is available to view at [www.rma-global.com/investor-centre](http://www.rma-global.com/investor-centre).

### 4.2 Declaration by CEO and CFO

#### **Recommendation 4.2:**

The Board has received the declaration from the CEO and CFO required under section 295A of the Corporations Act 2001 in respect of the 2023 Annual Report. The Group's Senior Financial Manager has signed the declaration in lieu of the CFO who has recently left the Group.

### 4.3 Integrity of periodic unaudited releases

#### **Recommendation 4.3:**

In order to verify the integrity of periodic corporate reports to the market which are not audited or reviewed by an external auditor, all corporate reports are, at a minimum, reviewed prior to release by the CEO, CFO and member of the Board, usually the Chairman. In addition, the review of all market releases is a permanent Board meeting agenda item.

## Principle 5: Make timely and balanced disclosure

#### **Recommendations 5.1:**

The Group has adopted a formal Market Disclosure policy, a copy of which is available to view [www.rma-global.com/investor-centre](http://www.rma-global.com/investor-centre). The policy describes the key obligations of the Board and senior management to ensure the Group's compliance with its disclosure requirements as well as guidelines for the determination of what information and events trigger reporting requirements. The Board has overall responsibility for the establishment, implementation and supervision of the Company's continuous disclosure process, it has delegated this authority to the Company Secretary.

#### **Recommendation 5.2**

All market announcements confirmation emails, which includes a copy of the market announcement, are distributed directly to the Board once received by the Company Secretary.

**Recommendation 6.5:**

Security holders are afforded the option of being able to receive communications electronically, which is managed through our security registry. The Company also provides email address to enable investors to contact investor relations contacts.

## Principle 7: Recognise and manage risk

### 7.1 Risk and compliance committee

**Recommendation 7.1:**

The Board is ultimately responsible for ensuring that material risks facing RMA have been identified and that adequate controls, monitoring and reporting mechanisms are in place and operating effectively. The Board has delegated its oversight of risk management, audit and compliance to the Audit, Risk and Compliance Committee. The structure and responsibilities of the committee are detailed in section 4.1 above.

### 7.2 Review of risk framework

**Recommendation 7.2:**

A formal risk management framework is in place. This is reviewed annually by the Audit and Risk Committee. The ARC is satisfied that the risk management framework is sound, and that the entity is operating with due regard to the risk appetite set by the board.

## 7.3 Internal Audit function

### **Recommendation 7.3:**

The Group, due to its size, does not currently have an internal audit function. The Chief Financial Officer is formally tasked with implementing and improving the current system of controls with regular feedback to the Board. This has been monitored and reviewed throughout the year.
